Blockchain Integration Proposal

AI Forge Partnership Initiative

Aletheai

Proptech & Real Estate • B2B, SaaS

UK's first Human Decision Intelligence Engine with explainable AI that scores every inbound lead, doubling conversions and adding £60K+ revenue per agent.

Key Highlights

- Doubles conversion rates for estate agents
- Saves 10+ hours weekly per agent
- Processes 50+ behavioral signals
- Backed by industry veterans from Alto Software and CBRE

Executive Summary

This proposal outlines strategic blockchain integration opportunities for Aletheai as part of the AI Forge portfolio enhancement initiative. By leveraging Bitcoin SV technology, we can address critical challenges in AI asset management, compliance, and monetization while creating new competitive advantages.

Recommended Blockchain Solutions

AI Model Monetization Marketplace

Overview: Blockchain marketplace where AI models can be shared, improved, and monetized through transparent usage tracking and token-based compensation.

Key Benefits

- ✓ New revenue streams from AI models
- ✓ Collaborative model enhancement
- ✓ Fair usage-based compensation
- ✓ Network effects and user retention

Technical Approach

Deploy smart contracts that track AI model usage, calculate compensation based on performance metrics, and distribute tokens to model creators and improvers.

Strategic Value Proposition

Competitive Differentiation

- ✓ First blockchain-enabled solution in vertical
- ✓ Unique value proposition in AI governance
- ✓ Access to Bitcoin Apps Suite ecosystem
- ✓ Positions as infrastructure leader

Revenue Enhancement

- ✓ New monetization through token economies
- ✓ Premium pricing for verified AI services
- ✓ Network effects drive user retention
- ✓ Revenue sharing opportunities

Implementation Approach

Phase 1 (3-4 weeks): Technical assessment and BSV infrastructure setup

Phase 2 (6-8 weeks): Core blockchain feature development and integration

Phase 3 (4-6 weeks): Token economy deployment and testing

Phase 4 (3-4 weeks): Production deployment and optimization

Partnership Opportunity

Comprehensive blockchain integration partnership including ongoing technical support and access to the Bitcoin Apps Suite ecosystem.

Next Steps: Schedule technical assessment to discuss partnership terms and implementation roadmap.
